### OUR VISION

We are art passionate,  
We are web3 passionate,  
We are NFT lovers,  
We are utilities lovers.

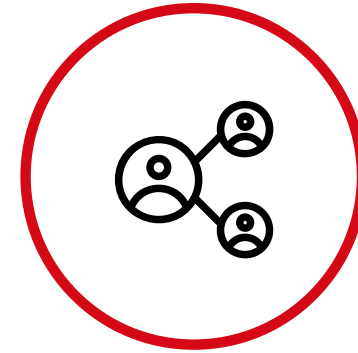

Our goal is to bond a DOPE  
art with the BOARISH utilities,  
creating ONE big community  
that goes BEYOND ecosystem.

What's behind NFT is a number of intrinsic values that are shaped in a simple jpg who became a visual symbol of artistic, cultural movements, economical statement, community identification e so on.

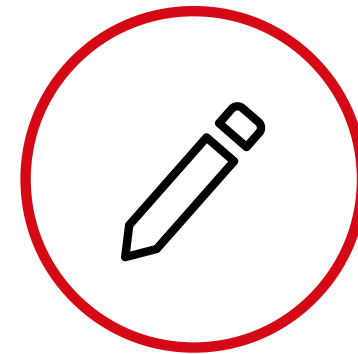

But, a way to combine business with pleasure has been found: the utilities.
